**Construction or Erection - Executive Supervisors - Code 951**

Pennsylvania does not have a separate classification for Contractor - Executive Supervisor similar to N.C.C.I Code #5606.

This bureau has allowed the use of Code 951, Salesmen for that individual who would qualify for N.C.C.I Code #5606. The restriction noted in the footnote are quite comprehensive and would restrict assignment of Code 951 to individuals without direct job exposure.

The normal duties of an Executive Supervisor would include about 50% office time and the balance visiting jobs and customers. Visiting a job site or talking to a job superintendent does not constitute job site exposure sufficient to eliminate that person from assignment to Code 951.
