**BUREAU CIRCULAR NO. 1522**

To All Members of the Bureau:

Re: **APPROVAL OF BUREAU FILING NO. 226**

**REVISIONS TO BASIC AND STATISTICAL PLAN MANUALS**

**APPROVED EFFECTIVE APRIL 1, 2007**

By action dated February 9, 2007 the Insurance Commissioner has approved revisions to the Pennsylvania Basic Manual and Statistical Plan Manual **effective** as of 12:01 a.m., **April 1, 2007**.

The Basic Manual revisions are changes regarding the exclusion of Catastrophe Code Number 87 claims from experience and merit rating.

The Statistical Plan Manual revisions change type of coverage code to type of claim code, revise Catastrophe Code Number 87 language, eliminate Social Security numbers on unit statistical reports and individual case reports, update the Injury Description Table and Schedule Indemnity Table Body Part Code, and correct a calculation on the unit statistical report example.

The entire filing, with pertinent exhibits attached, can be viewed on the Bureau's website at [www.pcrb.com](http://www.pcrb.com) in the Filings section under Bureau Filing No. 226. Both the Basic and Statistical Plan Manuals will be updated on our website at a later date.

Questions regarding Basic Manual revisions may be directed to Betty Ann Campbell at Extension 4425 or [bcampbell@pcrb.com](mailto:bcampbell@pcrb.com), and questions regarding the Statistical Plan Manual revisions may be directed to Bonnie Piacentino at Extension 4456 or [bpacentino@pcrb.com](mailto:bpacentino@pcrb.com).
