BUREAU CIRCULAR NO. 1528

To All Members of the Bureau:

Re: **MANUAL REVISIONS - SECTION 1 RULE IX H.**
PENNSYLVANIA CONSTRUCTION CLASSIFICATION PREMIUM ADJUSTMENT PROGRAM
EFFECTIVE OCTOBER 1, 2007

The Pennsylvania Compensation Rating Bureau has filed and the Insurance Commissioner has approved Manual revisions to Section 1, Rule IX, H. Pennsylvania Construction Classification Premium Adjustment Program (PCCPAP). These revisions are **effective 12:01 a.m., October 1, 2007** with respect to new and renewal business only.

For policies with anniversary rating dates on or after October 1, 2007 the following changes to the PCCPAP plan are applicable:

- First, qualifying wages are to be based on the Third Quarter of 2006, as this data is now or soon will be available and represents a more current level of employment and wage activity for construction employers.
- Second, the minimum hourly wage eligible for premium credit is to be updated in accordance with the most recent change in the Statewide Average Weekly Wage (SAWW). This change revises the minimum wage eligible for PCCPAP premium credit to \$23.25 per hour.

This qualifying wage has been rounded to the nearest \$0.05, with the expectation that that convention will be retained in subsequent years.

- Third, consistent with procedural changes previously approved pursuant to Bureau filings pertaining to the PCCPAP 1995 through 2006, revisions have been made in the increments in qualifying wages used in constructing the PCCPAP table of premium credits.

A copy of the complete PCCPAP credit table effective for normal anniversary rating dates on or after October 1, 2007 in the text of Section 1, Rule IX, H. is shown at the end of this circular.

Bureau Circular No. 1528
Page 2

Questions about PCCPAP should be directed to the Rating Rules & Policy Reporting Department at Extension 4445.

The Manual will be updated on our website (www.pcrb.com) at a future date.

The Bureau will advise qualifying employers and their insurers of record of credits using normal procedures.
