PCRB CIRCULAR NO. 1640

To All Members of the PCRB:

Re: VOLUNTEER FIRE COMPANY - CODE 994

The premium charged for Code 994, Volunteer Fire Company, is based on the population served by the volunteer fire company being covered. The PCRB strongly encourages all insurers providing coverage under Code 994 to periodically and consistently review the population served by each given volunteer fire company. Such a review should be mandatory whenever a carrier first insures any volunteer fire company. Population coverage information should then be submitted to the PCRB via the PCRB website. The form to be used for this purpose is the Volunteer Firemen Exposure Form (VFEF), which can be found in the Forms section of the website. Note that the insured volunteer fire company may also submit a VFEF to change or confirm the population served by the volunteer fire company.

Timothy L. Wisecarver
